Contributing to the Progress of

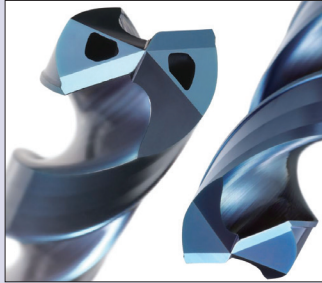

Cutting & Machine Tools

Drills

From standard drills to high precision and high performance drills; a full lineup to meet any applications.

Aqua EX Flat Series

Aqua REVO Series

SG Drill Series

AQUA EX Deep Hole Series

End Mills & Taps

End Mill and Tap Series that satisfies the high-performance machining requirements for tooling and machine parts.

ALH Mill Series

Aqua V Mill Series

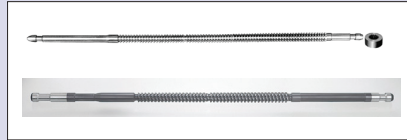

SG Tap Series

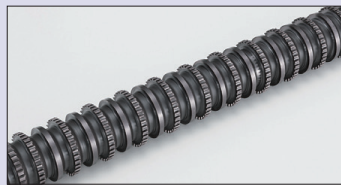

VTP Tap Series

Broaching

World-leading broaches and broaching machines. A wide range of broaching products; broaches from spline to large-diameter helical and X-mas tree forms; and broaching machines from 30KN to 500KN.drills; a full lineup to meet any application.

MQL Broach

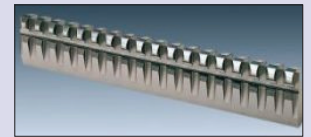

EX Coated Broach

Helical Broach

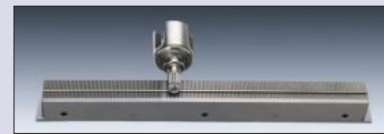

NC Helical Broaching Machine

X-Mas Tree Form Broach

Roll Forming

Using forming racks to achieve excellent mass-productivity.

Forming Racks

NC Precision Rolling Machine

Gear Cutting

Responding to all types of requirements with extensive know-how in gear cutting tools, vital for the machining of every kind of gear in automobiles and other machinery.

Shaper Cutter

Shaving Cutters

DuAI Cut Hobs & Skiving Cutter

Components

Bearings

Long life at high speed, high accuracy and compactness. Nachi bearings support safety, reliability and comfort.

Ball Screw Support Bearings

High Precision Spindle Bearings

Deep-Groove Ball Bearings

Bearings for Automotive Air Conditioners

Spherical Roller Thrust Bearings

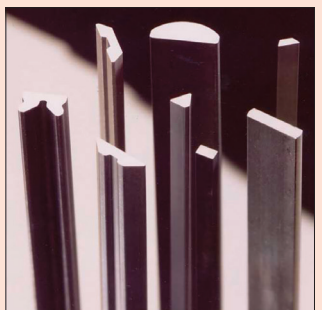

Spherical Roller Bearings

Materials

Hardened bars offered in Tool Steel and Stainless Steel options for drill, shaft, pin, and punch applications.

Hardened Steel Bars

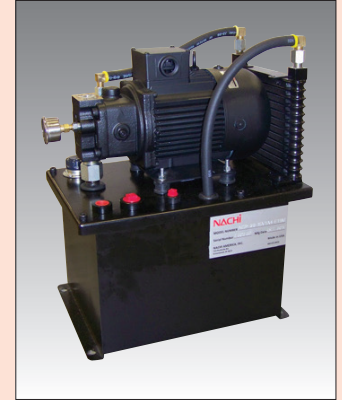

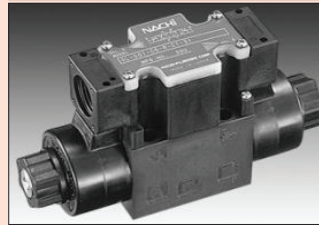

Near-net Shape Material

Hydraulic Equipment

Powerful, reliable and compact power control. For Industrial Machines

Solenoid Valve

Compact Hydraulic Unit

For Small Excavators

Wheel Motor

Swing Motor

Variable Piston Pump

Robots

Flexibly responding to requests for advanced production lines. Handling, Spot Welding, Arc Welding, Ultra-Heavy-Load Handling
